Objective:

- To provide professional leadership to organize, administer, supervise and evaluate a creative and effective school program.
- To help people explore career options by the knowledge and experience which allows the children to reflect on what is happening to them and consider to plan the future by alternative ways of doing things.
- The aim is to reduce confusion and enable them to cope with challenges, or to make positive changes in their life where necessary for a planned career and be successful.
- Motivate the students to make own choices rather than abiding the forced decisions of future by the near and dear ones.
- Be available for the students in need of emotional and psychological support and lead them to the solutions of their problems

Skills

- A non-judgemental outlook and a willingness to work with all kinds of people
- Excellent observation and listening skills
- Patience, tolerance and sensitivity
- An understanding of your own attitudes and responses
- A belief that all students are able to make positive changes
- An appreciation of confidentiality issues

Unconventional Initiatives

A campaign for generating awareness for small saving and rational use of money in Children to inculcate saving habits from a tender age itself, supporting NISM- **National Institute of Securities Market** (An Educational Initiative of SEBI)

Opening more than 1000 saving accounts in Bank of Baroda for children of 6+ years in less than 10 days with the help of teachers taking initiative to take pictures from the cell phones and taking printouts or filling the bank account opening form on behalf of the child

Inviting Google Analytics Team to Baroda- their interaction with children gives them an exposure to the global platform. When the children's ideas get displayed on the Google, it motivates the children and provides them with a sense of accomplishment and boosts their creativity skills.

khel mahakumbh was a sports event held in Baroda and we **initiated and ensured huge participation** of our students by providing with the to and fro transport facility and also provided the food and other nutrition that was required for excelling in their participation.

Counselling the children to guide them take sensible future career decisions in accordance with their aptitude and interests

After School activities of Martial Arts and Yoga: The girls are motivated to participate for learning self-defence enabling them to be independent in future. The Yoga makes an effort in establishing a healthy future of the Nation by having healthy future citizens

Our **National Achievers** are result of our hosting of **Sports Utsav** to mould the children for cricket and badminton
